1 G10_T1_L1_C1-C2_practice_activity1

This activity develops C1–C2 skills by identifying decision components and organizing consequences in payoff tables.

1. Direct alternative-state payoffs.

- (a) **Local Café Investment:** 2 alternatives, 2 states.
- (b) **Green Energy Production Mix:** 3 alternatives, 3 states.
- (c) **Global Shipping Network Design:** 2 alternatives, 4 states.

2. Alternative-based variable payoffs.

- (a) **Community Bakery Lunch Boxes:** 2 alternatives, 2 states.
- (b) **Rural Internet Subscriptions:** 3 alternatives, 2 states.

3. State-based variable payoffs.

- (a) **Coffee Export Routes:** 2 alternatives, 2 states.
- (b) **Lake Ferry Tourism:** 2 alternatives, 3 states.

4. State-based fixed payoffs.

- (a) **Neighborhood Shelter Support:** 2 alternatives, 2 states.
- (b) **Community Hall Emergency Rentals:** 2 alternatives, 3 states.

5. Alternative-based fixed payoffs.

- (a) **School Meal Service Contracts:** 2 alternatives, 2 states.
- (b) **Mobile Clinic Service Contracts:** 3 alternatives, 2 states.

6. State-based fixed payoff plus alternative-based fixed payoff.

- (a) **Warehouse Security Agreements:** 2 alternatives, 2 states.
 - (b) **Harbor Inspection Agreements:** 2 alternatives, 3 states.
7. **Alternative-based variable payoff plus alternative-based fixed payoff.**
- (a) **Local Printing Contracts:** 2 alternatives, 2 states.
 - (b) **Cold-Storage Contracts:** 3 alternatives, 2 states.
8. **Alternative-based variable payoff plus state-based fixed payoff.**
- (a) **Urban Landscaping Bids:** 2 alternatives, 2 states.
 - (b) **Solar Installation Bids:** 3 alternatives, 2 states.
9. **State-based variable payoff plus alternative-based fixed payoff.**
- (a) **Regional Bus Charters:** 2 alternatives, 2 states.
 - (b) **Air Cargo Charters:** 2 alternatives, 3 states.
10. **State-based variable payoff plus state-based fixed payoff.**
- (a) **Fruit Export Permits:** 2 alternatives, 2 states.
 - (b) **Seafood Export Licenses:** 2 alternatives, 3 states.

2 G10_T1_L1_C1-C2_practice_activity2

This activity extends C1–C2 skills by interpreting decision components and building payoff tables from revenue and cost information.

1. **Food Truck Menu Upgrade:** Identify 2 alternatives, 2 states, and calculate payoff entries as revenue minus cost by state.
2. **School Fundraiser Ticket Plan:** Identify 2 alternatives, 3 states, and calculate payoff entries as revenue minus cost by attendance state.
3. **City Bike-Share Pricing Strategy:** Identify 3 alternatives, 2 states, and calculate payoff entries as revenue minus cost by ridership state.
4. **Subscription Bundle Choices:** Identify 3 alternatives, 2 states, and calculate payoff entries using subscription price times sign-ups minus state-based costs.
5. **Regional Distribution Plan:** Identify 2 alternatives, 3 states, and calculate payoff entries using state-based revenue minus delivery-based variable costs.
6. **Farmers Market Juice Stand:** Identify 2 alternatives, 2 states, and calculate payoff entries using state-based revenue minus production cost per bottle.
7. **After-School Tutoring Sessions:** Identify 2 alternatives, 2 states, and calculate payoff entries using sessions delivered times net fee per session.
8. **Art Fair Booth Options:** Identify 2 alternatives, 2 states, and calculate payoff entries using kits sold times price minus alternative-based fixed setup cost.

9. **Emergency Supply Contract:** Identify 2 alternatives, 3 states, and calculate payoff entries using state-based retainer plus kit margin minus state-based compliance fee.
